

## **Andrew Warshaw**

As well as being part of a team, every director and board member at ETFC has his or her specific area of expertise and responsibility and I feel I am uniquely placed to carry out mine.

As the club's press officer, my duties routinely include organising media activities (we had unprecedented nationwide coverage for the recent Fenix Trophy game against Skjold); match previews, reports and interviews for the website; match reports for the Non League Paper after every Saturday home fixture; a monthly column for the Enfield Dispatch; and regular programme contributions. In addition to my media duties, I also feel I contribute in assisting with unrelated projects and initiatives that help promote our day-to-day activities. I feel very much part of a team and would relish being elected for a third year.

The relationship between manager and press officer is sacrosanct at any club and I have developed an excellent working rapport with Gavin Macpherson and his coaching staff based on trust and mutual respect. This has helped enormously in helping to enhance exposure of the club for our members, many of whom I have come to know personally, and beyond.
