

Christine Hamilton

I am putting forward my name to be considered as a continuing Director of Enfield Town Football Club. I am a massive ETFC fan. and did attend some of the games at the original club in Southbury Road (and worked in the Starlight rooms for a short time).

I was an Enfield Councillor for 12 years, Mayor for one year, a magistrate for 10 years.

My background is in the NHS (Business Manager in Public Health) and trade union (UNISON Branch Secretary). I would like to use the skills/ability in these roles to help develop the scope of the membership to attract younger people, women and those from the wide diverse communities in Enfield.

I have raised interest and support for the club on sponsorship, advertising and organising events. (Cinelli Bros, Legends Night and 5 stalls this year). I would like to continue in this area.

I have a good link with Spurs at their board level to organise our friendlies, Legends, complimentary tickets etc.

If elected I would like to continue to work with Les and pick up some of the areas he covered for years, including Sponsorship, Butlers Bar and pitch bookings.
